

## YOU ARE INVITED

to participate in a  
**FREE** statewide program

The Statewide Mentoring Program supports childhood care and education professionals through a system linking experienced Mentors with Mentees. Our goal is to increase professionalism in the field and raise the quality of child care provided in Oregon.

Are you interested in becoming a  
Mentee?

*"My Mentor gave me the information I needed to get where I am today. She helped with questions I had, moral support. She's always there for me and that's very reassuring to me for advancement."*

Mentee

*"My Mentor has been a great asset to me and my business. I have been able to network through her for resources in my area. The Mentoring program has assisted me in getting my name and business name in the community, made me aware of furthering my training, and finding ways of making me a better provider for the children."*
